In addition, letter also noted preference for an entrance on Amsdell Rd or Pleasant Ave., if possible. – State to be asked about status of project and if sidewalks will be included and also if the changes will go to the N. Creek bridge.
2. BFG Manufacturing to construct 25,000 sq ft. addition on existing building at 3949 Jeffery Blvd. – No adverse comments
3. Resident request for No Parking sign on Old Soules Rd. (Dead End). – Location to be checked at if appropriate a sign reading “Bus turnaround – No Parking” to be installed
4. Resident request for additional Stop signs on Howard Rd. due to increased traffic – Tabled pending review of area map by committee
5. Planning Board request to review proposal from Goddard Dev. Partners to construct a Mavis Discount Tire building at 5363 Southwestern Blvd. – TSAB recommends the proposed driveway be relocated to align with the already existing Walmart signal. It is the TSAB's opinion that this will aid traffic flow thus reducing risk of vehicle related incidents. Such realignment may require adjustment to the retention pond to allow for this design change.
